### QUALITY POLICY STATEMENT

SECANT TECHNOLOGIES LIMITED's quality assurance and control activities are aimed at service delivery to an effective and efficient level with the following objectives:-

- Delivering quality service that meets National Regulations, Oil & Gas Industry Standards and Customer Demands.
- Ensuring that all customer issues are addressed within delivery targets.
- Use of high quality material inputs, qualified personnel and efficient processing procedures to reduce waste.
- Ensure that all materials used for Client services and projects meet National Regulations, Oil & Gas Industry Standards and Customer Requirements.
- To ensure continuous customer satisfaction at all levels of its operation for all Client Projects and Services.
- To maintain and improve communication flow with customers and regulatory authorities to ensure proper and effective service delivery.
- Ensure customer property is protected against theft and/or damage at all times during a project.

SECANT TECHNOLOGIES aims to achieve the above objectives by establishing a Quality Management System and an "Impeccable Quality At All Times" Culture while encouraging continual improvement in the delivery of Client Projects and Services.

SECANT will strive to delivery to the best quality; to Regulatory, Industry and Client Standards, within agreed Project Schedules, and to set budgets, in order to gain full Client satisfaction on all Projects and Services.
